## PointB Virtual Exhibition Space

This is the launching of our premiere Virtual Exhibition Space. Our goal is to develop a series of themed virtual exhibitions which, will create a space for peer to peer artists' inspiration and discourse, a continuation of the conversations we all had at PointB Brooklyn. The first three thematic exhibitions will run in thirty-minute increments during the evening on the walls at Point B Worklodge Brooklyn. They will continue to exist online forever and will explore ideas of:

**Exhibition 1** Network

**Exhibition 2** Transcendence

**Exhibition 3** Discovery

---
